

## Discipline and Guidance

[consciousdiscipline.com](http://consciousdiscipline.com)

Conscious Discipline is a longtime leader in integrating classroom management and social-emotional learning. It utilizes everyday events rather than an external curriculum, and addresses the adult's emotional intelligence as well as the child's. Conscious Discipline empowers adults to consciously respond to daily conflict, transforming it into an opportunity to teach critical life skills to children. With Conscious Discipline, your teachers, your students, and your entire school culture will become a safe haven of cooperation, constructive problem solving, and academic success.

My Friends' Place is in coordination with the Weekday Program—a NAEYC Accredited Program. Visit [www.naeyc.org/accreditation](http://www.naeyc.org/accreditation) to learn more about our high standards.

**You can be assured of the very highest-quality childcare for your child at the Weekday Program.**

## A Texas Rising Star 4-Star Provider

Child Care Licensing requires all child care programs in the state to comply with basic regulations around health and safety, known as minimum licensing standards. Many child care programs, including **Texas Rising Star certified providers**, choose to exceed these minimum licensing standards by providing higher quality learning environments for the children in their programs. This can include higher quality curriculum, classroom activities, teacher qualifications, and parent education.
